

## LIFE SKILLS LAB

***Unlocking Your Potential: The Soft Skills Masterclass!***

*"In today's competitive world, strong academic performance is just the foundation. It's your communication skills, relationship-building abilities, and goal-setting prowess that will truly set you apart."*

- Ms. Janet, Counselor  
The Elite English School, Dubai

## ELITE CONNECT

The Elite English School continues its commitment to our students' success. On Thursday, 6<sup>th</sup> June 2024, Westford University College in collaboration with DeMont Institute of Management and Technology delivered a session on essential life skills for our Grade 11 and 12 students.

The program was a treasure trove of practical knowledge designed to equip students with the tools they need to thrive beyond the classroom. We're talking soft skills superpowers! Yes, communication that lights up a room, relationships that build confidence, and goal-setting strategies that would make even a superhero envious....

The workshop delved into the importance of these skills, including leadership skills, and cultivating healthy hobbies and interests. Let's face it, being a well-rounded personality takes work in all areas of life. *"It's about nurturing your passions, building meaningful connections, and developing a mindset that empowers you to achieve your full potential."*

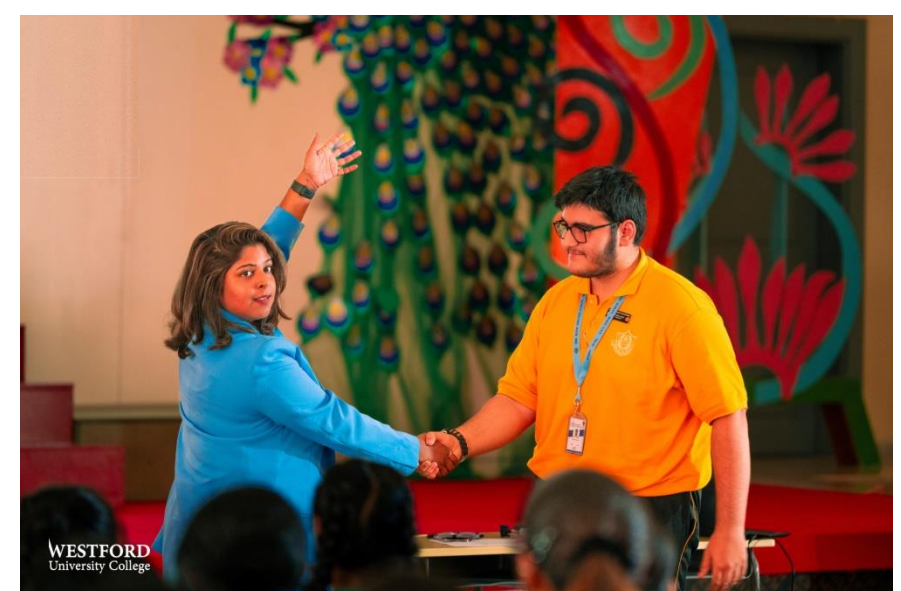

The expert guides clarified the "why" behind these skills and provided actionable tips through games and activities to help our students develop them in their own unique way. By the end of the session, our students were armed with a roadmap to academic success along with personal fulfillment.

Strong communication skills can turn a good idea into a game-changing movement.

Strong relationship bonds can open doors you never knew existed. And well-defined goals with a dash of passion? That's the sure shot recipe for a brilliant future that's nothing short of extraordinary!

So, a big thank you to Mr. Zawahir Siddique and Ms. Diana Perera of Westford University and DeMont Institute of Management and Technology with their amazing team, who presented this insightful workshop.

Now go forth, our wonderful Elitians and conquer the world... *but with impeccable etiquette and behavior skills, of course!*

**Skills Development** – The action packed program provided personalized instructions for our students.

**Pathways to Success** – The Westford team building rapport with our students.

**Skills Mastered** – At the end of the session, all students were honored with certificates for life skills that they would value lifelong.
