Dear Parents,

We have been getting queries about the benchmarking tests. In this context we wish to inform you that it is **MANDATORY** for all students to take part in international benchmarking tests along with other standard benchmarking tests this academic year. These mandatory tests are in compliance with the requirements established by Dubai's Knowledge and Human Development Authority (KHDA). These tests are intended to gauge how well students are performing in core subjects like Science, Math, English and ensuring that they meet international standards. The findings enable us to improve teaching methods and student outcomes by helping us identify our areas of strength and room for development.

Please note that the school must pay the test fee in the month that the test provider requests it. The fee invoice for the month (that the test provider is to be paid) includes this amount. **School Fees should be cleared by the 5th of every month.**
