

# THE ELITE ENGLISH SCHOOL, DUBAI UAE

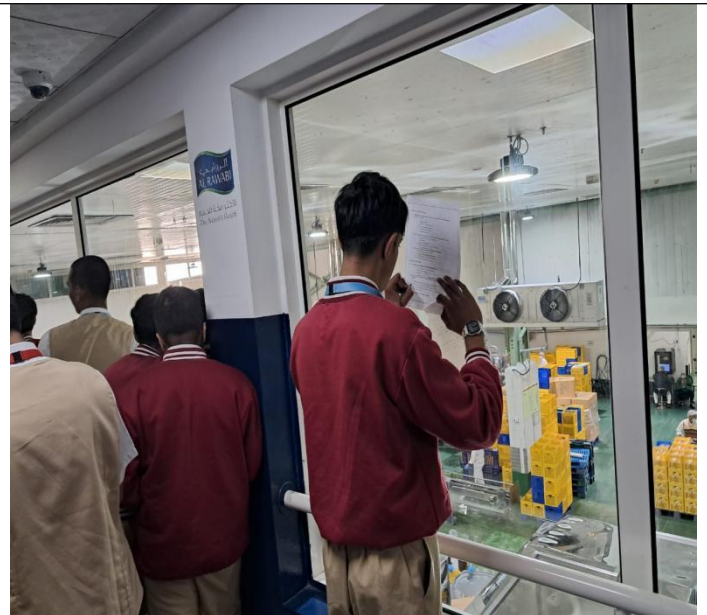

## Report of the Educational Field Visit to Al Rawabi Farm

On 7th of January 2025, the students of Grade 11 Commerce embarked on an educational field trip to Al Rawabi Farm in Al Khawaneej, Dubai. This visit was designed to provide students with insights into modern agricultural practices, sustainable farming techniques, and the significance of the dairy industry in the UAE.

The students were divided into three groups and each group was given a task to do during the field visit.

Upon arrival, the students were greeted by the friendly staff, who conducted an engaging and informative tour of the facility. They observed the state-of-the-art dairy farm operations, including the care and management of livestock, automated milking processes, and the farm's commitment to animal welfare.

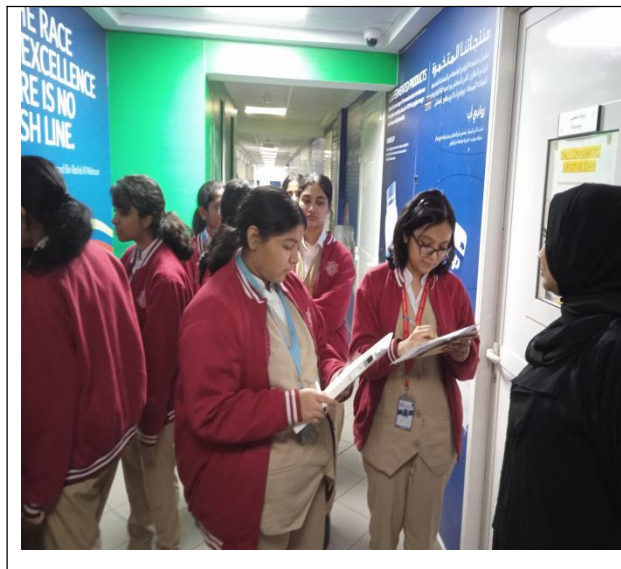

The highlight of the visit was the guided tour of the processing plant, where students witnessed the transformation of raw milk into a variety of dairy products like milk, yogurt, and cheese. This hands-on experience deepened their understanding of food production and the importance of quality control and hygiene standards in the industry.

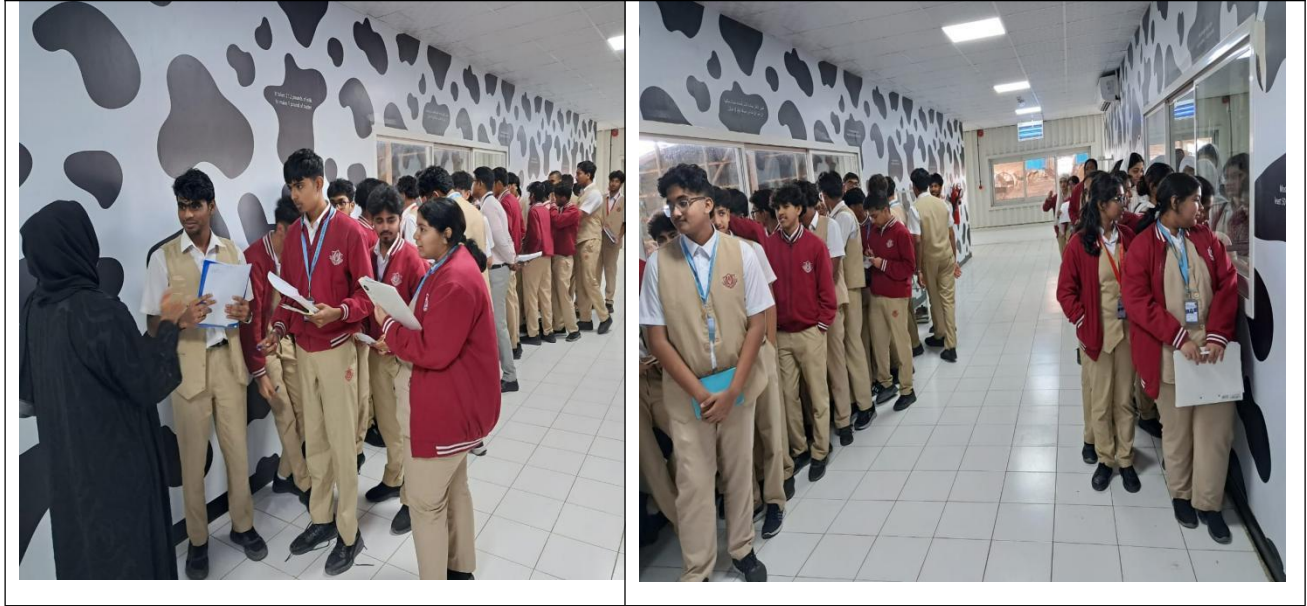

Additionally, the students were briefed on the farm's sustainable initiatives, such as water recycling, renewable energy use, and efforts to reduce carbon footprints. This aligned with their curriculum topics on sustainable development and environmental conservation.

## Fun Time

The trip concluded with a lively Q&A session, where students interacted with the experts and gained valuable insights into career opportunities in agriculture and food technology.

Overall, the visit to Al Rawabi Farm was an enriching experience, blending education with real-world exposure, and inspiring students to appreciate the role of innovation in dairy farming and sustainability.
