Dear Parents,

We have received some queries regarding the **International Benchmarking Tests**, and we would like to provide clarity on this important matter. As per the requirements set by the **Knowledge and Human Development Authority (KHDA)**, it is **mandatory for all students** to participate in these tests, along with other standard benchmarking assessments during this academic year.

These tests are designed to evaluate student performance in **core subjects such as English, Mathematics, and Science**, ensuring alignment with international standards. The insights gained help us identify both areas of strength and opportunities for growth, enabling us to continually enhance our teaching methods and support improved student outcomes.

Please note that the **test fees are included in the monthly school fee invoice** for the month in which the school is required to make payment to the test provider. We kindly remind you that **school fees should be cleared by the 5th of every month** to ensure timely processing.

Please note the following details:
