Subject: Online Class Protocols

Dear Students and Parents,

We hope this message finds you in good health and happiness.

With the increasing use of online platforms for learning and communication, it has become essential to ensure that all students follow appropriate digital etiquette. Recently, instances of disruptive behaviour have been noted during online sessions, which hinder the learning environment for others.

In order to maintain discipline, respect, and a safe virtual space for all, students are expected to strictly adhere to the following guidelines:

Maintain Discipline: Students must remain attentive and avoid any form of disruptive behaviour during online classes or activities.

No Adult Intervention: Parents or guardians are requested not to intervene during live sessions. Students should independently participate and communicate with their teachers.

Respectful Communication: The use of obscene, inappropriate, or unparliamentary language is strictly prohibited, whether through chat or audio. Respectful interaction is expected at all times.

Account Security: Students must not share their user IDs or passwords with anyone. In case of misuse due to sharing of credentials, the account holder will be held responsible and may face disciplinary action.

Responsible Participation: Students should use the platform only for academic purposes and follow the instructions given by the teacher at all times.

These guidelines are put in place to ensure a respectful, safe, and productive online learning environment for everyone. We seek your cooperation in reinforcing these expectations at home.

Any violation of the above norms will be taken seriously and may result in appropriate disciplinary measures.

We appreciate your continued support and cooperation.

Warm regards,

Rianathai
