**Elite English School L.L.C**

**CIR/EES/JUNE/2673-26**

Date: June 20, 2026

Dear Parents,

In line with the recent UAE Cabinet directive on social media use by minors, we would like to remind our school community of the importance of ensuring safe, responsible, and respectful online behaviour among students.

As per the directive, 15 years has been set as the minimum age for creating and operating personal social media accounts. This initiative aims to safeguard children from online risks and promote their digital well-being. Students below the age of 15 are not permitted to maintain personal social media accounts, while appropriate safeguards and parental supervision are encouraged for students using digital platforms.

Parents are requested to actively monitor their children's online activities and guide them towards responsible digital practices. Students should be encouraged to understand the importance of respectful communication, privacy, and appropriate conduct while engaging on online platforms.

The school takes concerns related to student interactions, including those occurring through digital and social media platforms, seriously. If the school receives complaints regarding inappropriate use of social media, including instances of online bullying, harassment, misuse of digital platforms, or any behaviour that impacts the safety and well-being of students, such matters will be reviewed and addressed in accordance with the applicable UAE laws, regulations, and established guidelines.

We seek the cooperation of all parents in supporting the creation of a safe, respectful, and positive digital environment for our students.

Best Regards,

**Dr. Kiran Mathai**  
**PRINCIPAL**
